Crazy Hair Day

Crazy Hair Day is on again in 2010! Don't be the one to miss out on all the fun! Whether you decide to colour it, gel it, tease it, tie it, spike it or twist it this is your chance to be different and stand out just for a day to raise money and awareness for Cystic Fibrosis. CF is Australia's most common recessive genetic condition that affects a number of organs in the body (especially the lungs and pancreas) by clogging them with thick, sticky mucus. At present there is no cure but with today's improved treatment most people with CF are able to lead reasonably normal and productive lives.

Stay Cyber Safe

- The Internet is a BIG place so make sure you surf between the flags.
- Once something is online anyone in the world can look at it, so you should only send out things you'd want other people to see.
- Never give out your personal information on the internet.
- Don't arrange to meet anyone you've met online.
- If someone sends you a nasty email or mobile phone message, don't reply. Tell a grown up instead.
- Stay on the safe sites.
- Be on your best behaviour when you're online.
- If you see something on the internet that upsets you, turn the computer off and tell a grown-up straight away.
- When in doubt, ask a grown-up

Toilet Upgrade

Funding has been allocated in the recent State Budget to upgrade our toilet block. The work will include new tiling, fixtures and fittings in both the girls and boys toilet areas. The existing central storage area will be converted into a new disabled toilet/shower facility. The existing septic tanks will be removed and new tanks installed on the southern boundary of the school site. Work is due to commence in August/September this year.
