

Principal's News

I would like to extend my thanks to everyone that attended the Red Range School Trivia Night. It was a successful night and I continue to be overwhelmed by the huge amount of support always offered by our generous community. Thank you to our always hardworking P&C, school staff and students for helping to ensure that the night was a success. Finally, a huge thank you to the local businesses that generously donated the prizes and raffle items for the night.

This week students participated in a session conducted by Kane from the Jump Rope for Heart foundation. It was great to see all students trying their best and learning about how they can lead a fit and healthy lifestyle.

As we are experiencing warmer weather it is important that all students wear a wide brimmed school hat if they are playing in the sun. Hats are available for purchase from the front office. If students forget their hat they will be required to play in the shade.

A reminder that swim school begins on the 13th of November. All students are required to return their permission notes before swim school begins.
